The Summer Market was a testament to the unique charm of Magdalen Road, as businesses spilled out onto the road alongside market traders organised by Markets In Exeter. One of the highlights of the event was the programmed line-up of music, curated by the Music in Devon initiative (MIDI). The music provided a delightful backdrop, further enhancing the festive atmosphere and creating an unforgettable ambiance throughout the day.

The event was opened by Councillor Carol Whitton, who played a pivotal role in the enhancements of the street undertaken by Devon County Council paving the way for community events like this to flourish.
